Education

University of Greenwich (Overall result: 80/100) — London, UK
BSc (Hons) in Computer Science, First-Class Honours — *Sep 2021 – Jul 2025*

Technological Lyceum Henri Coanda (Overall result: 6.05/10) — Ramnicu Valcea, Romania
Baccalaureate Diploma in Mathematics and Computer Science — *Sept 2007 – Jul 2011*

Projects

Lloyds Banking Group Data Science — Jun 2025 – Jul 2025
Job Simulation on Forage — *Python, sklearn, xgboost*

• Developed and implemented predictive models for customer churn using several machine learning algorithms, achieving an ROC-AUC score of 52% and an Accuracy Score of 78% through the Random Forest Classifier

Recommending Intraday Stock Trading Strategies — Oct 2024 – May 2025
Final Year Project (Overall result: 86/100) — *Python, TensorFlow, DEAP*

• Engineered a trading system using a hybrid CNN-BiLSTM model evaluated against the traditional CNN and LSTM models, achieving predictive R-squared score of 99.52% on 2016 NASDAQ-100 test data through the simple LSTM model

• Demonstrated a Sharpe Ratio of 0.10 and generated $1,355 profit on a $100,000 simulated portfolio, demonstrating practical challenges in short-term financial markets prediction

• Managed the entire pipeline individually, addressing the legal, social, ethical, and professional issues of AI in finance

California House Price And Titanic Survival Predictions — Jan 2025 – Mar 2025
Machine Learning Project (Overall result: 78/100) — *Python, TensorFLow, sklearn, xgboost*

• Developed various regression models to estimate median house values with high accuracy based on geographical and demographical features

• Implemented binary classification pipelines using diverse ML models to predict passenger survival rates

• Accomplished significant house price prediction accuracies through the Random Forest Regressor, exhibiting an R-squared score of 63%, and meaningful survival predictions through the Support Vector Classifier with a superior F1 score of 86.21%

Experience

TfL Private Hire Driver — Apr 2023 – Aug 2026
Uber Self-Employed — *London, UK*

• Maintained a 4.99/5.00 rating across over 6000 passenger trips, consistently meeting high-standard customer satisfaction whilst leveraging Uber's driver dashboard to analyse trip patterns, cutting average idle time and increasing weekly earnings

Front Desk Receptionist — Jun 2021 – Apr 2023
Park Grand London Lancaster Gate — *London, UK*

• Achieved a 95% guest-satisfaction rating while handling over 40 daily check-ins and reservations, and managed 6000+ reservations in Opera PMS while maintaining 99% data accuracy and generating daily occupancy reports

Warehouse Operative — Apr 2016 – May 2021
Ralawise LTD — *Deeside, UK*

• Picked over 400 products per day in a fast-paced warehouse environment, while reducing order-picking errors by 20% after introducing quality check lists, then adapted quickly to new VNA forklift technology, learning system controls and data logging procedures within one week

Data Entry Clerk/Admin Officer — Jul 2011 – Apr 2016
Intexim SRL — *Ramnicu Valcea, Romania*

• Ensured high-fidelity data integrity, demonstrated operational agility and versatility, and maintained 99.8% accuracy across 10000+ monthly records while meeting tight deadlines

Certifications

• **Python for Data Science, AI and Development – IBM Certificate**

• **Tools for Data Science – IBM Certificate**

Technical Skills

• **Programming Languages**: Python (Intermediate), and C++, Java, R, SQL PostgreSQL (Prior Experience)

• **Deep Learning Frameworks**:TensorFlow, PyTorch, Keras, and Scikit-learn

• **Tools & Libraries**: Linux/Unix, NumPy, Pandas, Matplotlib, Seaborn, Jupyter, Version Control Systems (Git, GitHub), Cloud Technologies (Microsoft Azure, Google Cloud), VMware, Microsoft Office 365, Hadoop, HDFS, MapReduce Architecture

Soft Skills

• Customer Service Excellence, Conflict Resolution, Telephone Etiquette, Complaint Handling, Multi-tasking, Resilience, Adaptability, Analytical Thinking, Critical Thinking, Time Management, Self-Motivation, Continuous Learning, Communication, Attention to Detail, Accountability, Collaboration Problem Solving, Project Management, Stakeholder Presentation

Interests

• Mentoring and Knowledge Sharing, Cross-Cultural Experiences, Entrepreneurship, Personal Growth, Career Development
